

Car Rental

USAirtours®

For important car rental information visit www.usairtours.co.uk/villas

Free mini van included

Your USAirtours villa holiday comes with a complimentary luxury minivan allowing up to four drivers at no extra cost, a free tank of petrol and free Garmin GPS satellite navigation (usually an extra cost of £50 a week).

You can also speed up your car rental experience by pre-registering your details through DirectRoad® via our website www.usairtours.co.uk/directroad. There is no need to take the shuttle bus as your minivan is parked at the airport and you can choose from any of the models available.

Alamo boasts the newest fleet of vehicles in Orlando so you can be sure that your minivan is clean, modern and safe. If you would like the flexibility of renting an additional vehicle we can also provide this at very competitive rates.

Should you require a child seat or wish anyone under 25 to drive (minimum age 21) please call us for the additional charge that is payable locally.
